

Messrs.

Minerbe, January 2022

Object: Declaration RoHS (Restriction of Hazardous Substances)

According to the LEGISLATIVE DECREE 04 March 2014 nr.27 concerning the "Implementation of Directive 2011/65/UE on the restriction of using certain dangerous substances in electrical and electronic equipment", Zanardi Fonderie S.p.A. declares the object of its supplies are:

Cast iron (grey castings, spheroidal cast iron..) in accordance with the following quality standards:

- UNI EN 1561:2011 – Grey cast iron
- UNI EN 1563:2018 – Spheroidal cast iron
- UNI EN 1564:2011 – Austempered ductile cast iron (bainitic)
- Other equivalent issued by other standard bodies or customers

Such homogeneous materials do not contain the elements and hazardous substances listed in art. 4, subsection 1 of the above mentioned Decree (lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls - PBB - or polybrominated diphenyl ethers - PBDE).

Any traces of these hazardous elements (lead, mercury, cadmium) in the chemical composition of the cast iron is not due to a deliberate introduction by the foundry during its production cycle (the deliberate use in the formulation of the composition of the material); in any case such a presence is lower than the limits allowed in homogeneous materials as defined in the letter V, paragraph 1, Art. 3 of Legislative Decree 27/2014.

Zanardi Fonderie S.p.A.
